PROFILE

I am a passionate and dedicated Frontend Developer with 1+ years of experience in creating dynamic, responsive web applications. Specializing in React, JavaScript, and TailwindCSS, I focus on delivering user-centric designs and clean, scalable code. I have experience in both frontend development and backend integration, ensuring smooth collaboration with cross-functional teams and successful project delivery.

WORK EXPERIENCE

2025 - PRESENT

Diamond Ore Consulting Pvt Ltd (Full-Time)

FRONTEND DEVELOPER

- Designed and implemented responsive, user-friendly interfaces using ReactJS, JavaScript, and TailwindCSS.
- Collaborated with the backend team to integrate APIs and ensure smooth functionality across the platform.
- Worked with clients to understand their needs, gather feedback, and iteratively improve the product.
- Optimized front-end performance, improving load times and user experience.

2024 (6 month)

RELIABLE ALLIED SERVICES (intern)

FRONTEND DEVELOPER

- Assisted in creating responsive, interactive web applications using ReactJS, JavaScript, and TailwindCSS.
- Supported API integrations and ensured smooth frontend-backend communication.
- Gained hands-on experience in web development and user interface design.

PROJECTS

DIAMONDORE PORTAL

2024

- Diamondore is a specialized job portal catering to professionals in the BFSI (Banking, Financial Services, and Insurance) sector. The platform allows users to log in, create profiles, and find jobs based on their preferences. It is a comprehensive ERP solution with separate panels for admins and employees to manage processes efficiently.

- REACTJS , TAILWIND CSS , MUI

MENTOR LANGUAGE INSTITUTE

2024

- Mentor Language Institute is a comprehensive web application designed to streamline the operations of a language learning institute. The platform includes three panels—Student, Teacher, and Admin—to handle various academic and administrative functions efficiently.

- REACTJS , TAILWIND CSS , MUI

TRANSFORMATION FRONTEND WEBSITE

2024

- A government initiative for the Council of Architecture International Conference 2025, this application was designed to provide an interactive and engaging platform to manage conference-related activities. The project was fully front-end-based and aimed at showcasing innovative design and technology for a global audience.

- REACTJS , TAILWIND CSS , MUI

REDEFINE GROUP FRONTEND WEBSITE

2025

- Architects Redefine Group Website is designed to showcase the architecture firm's portfolio, presenting their diverse and innovative projects in a visually appealing and user-friendly manner. The website emphasizes project details, images, and the firm's vision, serving as both an online portfolio and a promotional tool for the firm.

- REACTJS , TAILWIND CSS , MUI
